DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs
**ALASKA NATIVE CLAIMS
 SETTLEMENT ACT**
 Finding of Entitlement

JANUARY 25, 1977.

This notice is published in the exercise of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2.

Notice is hereby given that a decision has been issued to each of the village corporations and the respective regional corporations (except Sealaska Corporation and the 13th regional corporation) listed on the enclosure to the below decision entitled "Finding of Entitlement Pursuant to Section 14(a) of the Alaska Native Claims Settlement Act."

This notice and the referenced decision are published in the FEDERAL REGISTER pursuant to 43 CFR 2650.8 to provide notice to interested parties. Any interested party, as defined in 43 CFR 4.902, may, on or before March 4, 1977, file an appeal in accordance with 43 CFR Part 4, Subpart J, with the:

Alaska Native Claims Appeal Board, P.O. Box 2433, Anchorage, Alaska 99510.

If an appeal is filed, a copy of the appeal must be served on the village corporation(s) involved, the 11 regional corporations (excluding Sealaska Corporation and the 13th regional corporation), and the Area Director, Bureau of Indian Affairs, P.O. Box 3-8000, Juneau, Alaska 99801.

BEN REIFEL,
Commissioner of Indian Affairs.

JANUARY 25, 1977.

JANUARY 19, 1977.

**FINDING OF ENTITLEMENT PURSUANT TO
 SECTION 14(a) OF THE ALASKA NATIVE
 CLAIMS SETTLEMENT ACT**

Section 14(a) of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.), hereinafter the ANCSA, provides that an eligible village corporation is entitled to a patent to an amount of acreage selected pursuant to section 12 of the ANCSA, the amount dependent on population of the village:

Native population between:	Acres ²
25 and 99	63,120
100 and 199	92,160
200 and 399	115,200
400 and 599	138,240
600 or more	161,280

¹ If the village had on the 1970 census enumeration date.

² It shall be entitled to a patent to an area of public lands.

Section 5 of the ANCSA required the preparation by December 18, 1973, of a roll of Natives and to show for each Native:

• • • the region and the village or other place in which he resided on the date of the 1970 census enumeration, and he shall be enrolled according to such residence.

Such a roll was prepared pursuant to regulations published in 25 CFR 43h.

6420

NOTICES

Certification of this roll in December 1973 was conditional to allow for correction of errors, results of enrollment appeals, etc. Such correctional changes are not considered to be of the nature of a disenrollment action contemplated by section 8(d) of the Act of January 2, 1976 (89 Stat. 1145), hereinafter the Act, which provided:

No change in the final roll . . . resulting from any regulation promulgated by the Secretary of the Interior providing for the disenrollment of Natives shall affect land entitlements. . . .

Enrollment to a village in turn caused the Native to join with other Native enrollees of the village or place to form a village corporation pursuant to section 8 of the ANCSA. Under section 11(b) of the ANCSA and 43 CFR 2851.2, village corporations have been determined eligible or ineligible. In certain cases the eligibility or ineligibility of a village corporation is in litigation or may yet be litigated.

Under section 7 of the ANCSA, 12 regional corporations have been formed within Alaska. The stockholders of the village or regional corporations are constituted only of the Natives enrolled in the village or region pursuant to section 5 of the ANCSA.

Some of the amendments to ANCSA by the Act limit the effect on land entitlements of certain changes in the roll. For example, pursuant to a court order of October 6, 1975, the Secretary established the 13th region provided for in section 7(c) of the ANCSA and enrollees of a village or regional corporation who had voted to be enrolled to the 13th region were transferred to the 13th region. Section 8(a) of the Act provides:

Notwithstanding the October 6, 1975, order of the United States District Court . . . in the case of Alaska Native Association of Oregon et al. against Rogers C. B. Morton et al. . . . changes in enrollment of Natives which are necessitated or permitted by such order shall in no way affect land selection entitlements of any Alaska Regional or Village Corporation. . . .

Therefore, for purposes of computing land entitlement under section 14(a) of the ANCSA, the enrollees of the 13th region have been included with the village corporation from which they had been transferred, if such transfer occurred.

You are hereby notified that the population figure, derived from the ANCSA section 5 roll, as of June 12, 1976, given for your village corporation on the enclosure constitutes the population figure that determined or will determine the amount of land your corporation is entitled to under section 14(a) of the ANCSA. The population figure given on the enclosure is the enrollment for the village corporation as shown on the June 12, 1976, roll, plus prior enrollees, if any, that were transferred from the village corporation to the 13th regional corporation pursuant to the above referenced court order.

You are further notified of each village corporation's acreage entitlement pursuant to section 14(a) of the ANCSA

and these population figures. This acreage is also determined for those village corporations whose eligibility determinations are in litigation or may yet be litigated, in the event that the litigation results in a final determination of eligibility.

This decision is issued pursuant to 43 CFR 2650.8. Should you disagree with the determination(s) given by this decision, you must file an appeal within 30 days of receipt of this decision. Appeals must be filed within the 30-day period with the:

Alaska Native Claims Appeal Board, P.O. Box 2433, Anchorage, Alaska 99510.

Failure to respond within the 30-day time period will constitute acceptance of the determination(s). Determinations relative to any village corporation shall

become final lacking an appeal to the determination(s) for that specific village corporation or unless the specific village corporation is joined as a party to any proceeding hereunder.

Should an appeal be filed, the procedures found in 43 CFR Part 4, Subpart J, shall apply. A copy of any appeal must be served on the 11 regional corporations (excluding Sealaska and the 13th regional corporation). If an appeal is directed at a determination(s) for a village corporation other than your own, a copy of the appeal must be served on that village corporation, as well as the 11 regional corporations. A copy of the appeal must also be served on this office.

JOSEPH E. KAHKLEN,
Acting Area Director.

JANUARY 25, 1977.

DEPARTMENT OF THE INTERIOR, BUREAU OF INDIAN AFFAIRS, JUNEAU AREA OFFICE.

Juneau, Alaska, January 19, 1977.

DECISION

DETERMINATION OF POPULATION FIGURES FOR VARIOUS LAND ALLOCATIONS PURSUANT TO THE ALASKA NATIVE CLAIMS SETTLEMENT ACT

Various sections of the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.), hereinafter the ANCSA, provide for land entitlements based on the Native population of the village, region, etc.

Section 12(b) of the ANCSA provides that: "The difference between twenty-two million acres and the total acreage selected by Village Corporations pursuant to subsection (a) shall be allocated by the Secretary among the eleven Regional Corporations (which excludes the Regional Corporation for southeastern Alaska) on the basis of the number of Natives enrolled in each region."

Pursuant to 43 CFR 2653.1(a) (1), 500,000 acres of the 2 million acres provided by section 14(h) of the ANCSA are set aside to be used by the Secretary to satisfy applications filed pursuant to sections 14(h) (1), (2), and (5) of the ANCSA. This regulation further provides that this 500,000 acres will be allocated among the regional corporations by (1) 25,000 acres to each of the 12 regions and (2) a division of 200,000 acres among the 12 regions based on population.

NOTICES

Section 14(h) (8) of the ANCSA [see also 43 CFR 2653.1 (a) and (b)] provides that: "Any portion of the 2 million acres not conveyed by this subsection shall be allocated and conveyed to the Regional Corporations on the basis of population."

Section 5 of the ANCSA required the preparation by December 18, 1973, of a roll of Natives and to show for each Native:

"* * * the region and the village or other place in which he resided on the date of the 1970 census enumeration, and he shall be enrolled according to such residence."

Such a roll was prepared pursuant to regulations published in 25 CFR 43h. Certification of this roll in December 1973 was conditional to allow for correction of errors, results of enrollment appeals, etc. Such correctional changes are not considered to be of the nature of a disenrollment action as contemplated by section 8(d) of the Act of January 2, 1976 (89 Stat. 1145), hereinafter the Act, which provided:

"No change in the final roll * * * resulting from any regulation promulgated by the Secretary * * * providing for the disenrollment of Natives shall affect land entitlements. * * *

Under section 7 of the ANCSA, 12 regional corporations have been formed within Alaska; the stockholders of these regional corporations being only the Natives enrolled in the region pursuant to section 5 of the ANCSA.

Amendments to the ANCSA by the Act limit the effect on land entitlements of certain changes in the roll. For example, pursuant to a court order of October 6, 1975, the Secretary established the 13th region provided for in section 7(c) of the ANCSA and enrollees of a village or regional corporation who had voted to be enrolled to the 13th region were transferred to the 13th region. Section 8(a) of the Act provides:

"Notwithstanding the October 6, 1975, order of the United States District Court * * * in the case of Alaska Native Association of Oregon et al. against Rogers O. B. Morton et al., * * * changes in enrollment of Natives which are necessitated or permitted by such order shall in no way affect land selection entitlements of any Alaska Regional or Village Corporation. * * *

Therefore, for purposes of computing land entitlements, the enrollees of the 13th region have been shown with the village and regional corporation from which they had been transferred.

In another example, section 1(b) of the Act provides in part:

"The Secretary may allow these individuals the option to enroll to a Village Corporation which elected the surface and subsurface title under section 19(b) or remain enrolled to the Regional Corporation in which the village or group is located on an at-large basis; *Provided*, That nothing in this subsection shall affect existing entitlement to land of any Regional Corporation pursuant to section 12(b) or 14(h) (8) of the Settlement Act."

The only interpretation that can be given to this section is that the enrollees to a village corporation that elected to receive the surface and subsurface title under section

19(b) of the ANCSA are not to be counted as part of the Native population of the regional corporation for purposes of land entitlements under section 12(b) or 14(h) (8) of the ANCSA.

You are hereby notified that the population figures derived from the ANCSA section 5 roll, as of June 12, 1970, summarized on the enclosure for each regional corporation, constitute the figure that determined or will determine the amount of land entitlement under sections 12(b) and 14(h) (8) of the ANCSA and 43 CFR 2653.1(a) (1) (1). The population figure summarized on the enclosure is the enrollment for the Regional Corporation as shown on the June 12, 1976, roll, plus prior enrollees that were transferred from the regional corporation to the 13th regional corporation pursuant to the court order, less enrollees to village corporations within the region that elected the surface and subsurface title pursuant to section 19(b) of the ANCSA.

This decision is issued pursuant to 43 CFR 2650.8. Should you disagree with the determination(s) given by this decision you must file an appeal within 30 days of receipt of this decision or its publication in the *Federal Register*, whichever is later. An interested party, as defined in 43 CFR 4.902, may on or before March 4, 1977, file an appeal to a specific determination(s).

Appeals must be filed within the 30-day period with the:

Alaska Native Claims Appeal Board, P.O. Box 2433, Anchorage, Alaska 99510.

Failure to respond within the 30-day time period will constitute acceptance of the determination(s). Should an appeal be filed, the procedures found in 43 CFR Part 4, Subpart J, shall apply. A copy of an appeal must be served on this office and each of the regional corporations listed on the enclosure.

JOSEPH E. KAHLEN,
Acting Area Director.
